The King's Summons

Adam Glendon Sidwell, Zachary James

From the epic fantasy world of **Super Dungeon** comes the first novel in a riveting new series.

Blaze is an Ember Mage, skilled with fire magic and with a temper just as hot. She's desperate for a way to prove herself. King Jasper III needs someone who works outside the system to search for his missing heir, and Blaze fits that description perfectly. After all, his first born, Princess Sapphire, is no damsel-in-distress, so the King is sure something must be terribly wrong.
