## 40 THINGS TO DO WHEN YOU TURN 40 Revised 2nd Edition

Edited by Ronnie Sellers

Forty voices from all walks of life on the subject of turning 40 – with contributions from David Tutera, Marcus Buckingham, Pamela Druckerman, and more! *40 Things To Do When You Turn 40* is a thoughtful and often inspiring collection of essays written on the subject of turning 40.

“For me . . . 40 is the age when you finally take matters into your own hands, and you decide what you will be and who you will be. Other people’s opinions and approval aren’t tantamount anymore. What matters is your opinion. You’re in charge of what kind of face you’re going to show the world.”

Tawni O’Dell, *Take Me at Face Value*

## CROSSTRAIN YOUR BRAIN

by Corinne L. Gediman

Let the games begin – it's time to enhance your brain's alertness and mental agility. *Crosstrain Your Brain* features exercises that use the brain's left and right hemispheres to give it a total workout. Just as athletes work to achieve their ultimate peak performance, you, too, can do the same for your brain.

**WORD BOGGLER**

**How to Play:** In this game, you will be presented with a matrix filled with letters. The objective is to form words by connecting adjacent letters. Letters that are above, below, to the left or right, or on a diagonal to each other are all acceptable connections. For each set, you will be given one free word clue. See how quickly you can find the free word. Play against a friend to see who can find the most words. Or see how many words you can find in two minutes.

**FREE WORD CLUE: WHAT HAPPENS WHEN YOUR CAR BREAKS DOWN ON THE ROAD?**

C	R	U	L
A	K	P	S
G	T	W	E
B	O	H	D

**FREE WORD-CLUE ANSWER:**

**OTHER WORDS:**

**Left Brain: Can you say it?**

**OPTICAL ILLUSIONS**

**How to Play:** Optical illusions play tricks with the way your brain receives visual stimuli. Answering the question below is a key to solving the illusion of the "leggy elephant."

**LEGGY ELEPHANT**  
How many legs does the elephant have?

**Right Brain: Can you see it?**
