The Halloween Tree

Susan Montanari, Illustrated by Teresa Martinez

A charming and warmhearted picture book to accompany the growing trend of Halloween trees

- Great opportunity: Halloween trees have become a popular decoration and this book capitalizes on this new trend
- Multiple promotional opportunities: Even though this would mainly be promoted during Halloween, there is a Christmas element—much like *The Nightmare Before Christmas*—that could be explored

"I don't like lights, I don't like decorations, and I don't like people" declares a young pine tree. As he grows, his determination not to grow into a Christmas tree gnarls his branches so that he becomes a twisted, spooky old tree. When some inventive children discover him, he begins to change his mind but discovers it's too late to fulfill a Christmas destiny.

When the parents threaten to cut the ugly tree down, the children save him in a way that makes everyone—including the tree—happy.

Brian Yanish, Illustrated by Jess Pauwels

My Dad, My Hero

Ethan Long

The board book edition of the perfect Father's Day story where all dads are heroes!

- The hardcover edition is beloved by parents and trade reviewers: One parent raved that it's "...the ideal Father's Day book"; *Booklist* called Ethan Long "a winner" and *Kirkus Reviews* wrote that Long is in the same company as Mo Willems
- The perfect gift for dad: *My Dad, My Hero* is the gift every dad needs, whether it's for Father's Day, his birthday, Christmas, or any other gift-giving opportunity

A young child starts off this laugh-out-loud picture book by listing all the ways his dad is NOT a superhero: he can't leap tall buildings, run faster than a speeding bullet, or shoot webs out of his wrists.

Each spread illustrates how Dad doesn't have super powers but is still a hero at heart. The sweet ending depicts all the cool—if not super—activities Dad does do with the child like throwing a baseball, playing checkers, and going toy shopping.

ETHAN LONG is a popular children's book author and illustrator whose titles include, *Mañana Iguana* by Ann Whitford Paul, *The Riot Brothers* series by Mary Amato, and his own creations, *Stop Kissing Me!* and the popular *Tickle the Duck!* The pilot for his animated television series, *Farm Force*, won the Nextoons: 2005 Nicktoons Film Festival Viewer's Choice Award and is currently in development with Porchlight Entertainment. His animated short series *ZeFronk*, a cooking show starring a wiener dog with amazing cooking skills, premiered on Playhouse Disney in the fall of 2008.

That Night

Cyn Balog

Hailey wants to know the truth, but there are some secrets that are best left buried

- Called a “PG-13 version of *Gone Girl*” by *Kirkus Reviews*, Cyn Balog’s *Unnatural Deeds* had a twist ending that left readers breathless, as did that freezer in *Alone*—and readers will find another pulse-racing novel in Cyn’s latest
- The combination of dark suspense and thrilling twists will chill and mesmerize fans of Natasha Preston, Natalie Richards, and Hannah Jayne

Hailey is determined to find out the truth of her boyfriend’s suicide. She knows Declan wouldn’t kill himself, even if she can’t remember a lot of what led up to that fateful night.

Kane, Declan’s stepbrother and Hailey’s best friend, wants to move past what happened, not dig up bad memories. But the more Hailey searches for information, the more she remembers—fights between her and Declan, seeing Declan with another girl...

The Book Woman of Troublesome Creek

Kim Michele Richardson

A Novel

KIM MICHELE RICHARDSON was born in Kentucky and resides part-time in western North Carolina. Her work includes *Liar's Bench*, *GodPretty in the Tobacco Field*, and *The Sisters of Glass Ferry*. *The Book Woman of Troublesome Creek* is her fourth novel.

A young outcast braves the hardships of Kentucky's Great Depression and brings truly magical objects to her people: books

- **Early praise:** *The Book Woman of Troublesome Creek* has already received exceptional advance praise from authors like Sara Gruen (*Water for Elephants*), "Richardson's rendering of stark poverty against the ferocity of the human spirit is irresistible."
- **Awards:** Richardson is a decorated author; her most recent novel, *The Sisters of Glass Ferry*, was nominated for the Southern Book Prize
- **Perfect for booklovers:** The perfect book for booklovers that demonstrates the kind of power books—and librarians—have in our lives

Cussy Mary Carter is the last of her kind, her skin the color of a blue damselfly in these dusty hills. But that doesn't mean she's got nothing to offer. As a member of the Pack Horse Library Project, Cussy delivers books to the hillfolk of Troublesome Creek, hoping to spread learning in these desperate times. But not everyone is so keen on Cussy's family or the Library Project, and the hardscrabble Kentuckians are quick to blame a Blue for any trouble in their small town.

The Book Woman of Troublesome Creek is a story of raw courage, fierce strength, and one woman's determination to bring a little bit of hope to the darkly hollers.

But all that changed the day tragedy struck her unit and took away everything she held dear. Soon after, Larkin discovers an unexpected treasure: the diary of Emily Wilson, a young woman who disguised herself as a man to fight for the Union in the Civil War. As Larkin struggles to heal, she finds herself drawn deep into Emily's life and the secrets she kept.

Indiana, 1861

The only thing more dangerous to Emily Wilson than a rebel soldier is her own comrades in the Union. But in the minds of her fellow soldiers, if it dresses like a man, swears like a man, and shoots like a man, it must be a man. As the war marches on and takes its terrible toll, Emily begins to question everything she has been told about the freedom she is supposed to be fighting for.

The Last List of Miss Judith Kratt

A Novel
Andrea Bobotis

Some bury their secrets close to home, and others scatter them to the winds and hope they land somewhere far away

- Fascinating inventory/possession angle that frames the story, and the fraught race relations of that time period, in an interesting and meaningful way
- Incredibly atmospheric writing and complicated characters that pull the reader into a beautiful and timeless portrayal of family, forgiveness, and the South

Judith Kratt inherited all the Kratt family had to offer—the pie safe, the copper clock, the murder that no one talks about—and she knows in her old bones that it’s time to make an inventory of her household and its valuables. But she finds that cataloging the family belongings—as well as their misfortunes—won’t contain her family’s secrets, not when her wayward sister suddenly returns, determined to expose skeletons that the Kratts had hoped to take to the grave.

ANDREA BOBOTIS was born and raised in South Carolina and received her PhD in English literature from the University of Virginia. Her novel was the runner-up for the James Jones First Novel Fellowship in 2014. Andrea now lives in Denver, Colorado, where she teaches with the Lighthouse Writers Workshop.

- Ryle’s clear, concise voice makes the complex topic of gender commercially accessible
- The nonlinear “Choose Your Own Adventure” format adds a unique and exciting element
- From the transgender military ban to *RuPaul’s Drag Race*, discussions of gender are becoming more prominent in American politics and pop culture

Gender is at the forefront of our cultural landscape today. From pronouns to politics to pop culture, people are finally finding a new freedom in the fluidity of identity. Now more than ever, it’s important to understand, embrace, and intelligently discuss the many sides of gender. *She/He/They/Me* is a unique and engagingly creative take on an increasingly complex concept. A nontraditional, nonlinear structure allows readers to choose their own path, from a patriarchal culture to a scenario where sex doesn’t even exist, and beyond.

Chris Ferrie, Illustrated by Kevin Sherry

This illustrated, simplified explanation of Schrödinger's cat paradox is the perfect gift for every scientist!

- **Wildly successful author:** Another exciting title from Chris Ferrie, the author of the highly successful Baby University series, which has sold over 750,000 copies
- **Takes the complex and makes it simple:** Simplifies a complex idea and puts it into a picture book format for grownups

Chris Ferrie has broken down the theory into a whimsical picture book perfect for science nerds. Even the youngest generation of future scientists will enjoy the playful cadence of this lighthearted story!

Schrödinger used this cat in a box to dream up the first quantum paradox. A paradox is something that doesn't make sense. There must be an assumption that is causing offense.

CHRIS FERRIE is an award-winning physicist and is the senior lecturer for quantum software and information at the University of Technology Sydney. He has a master's in applied mathematics, a BMath in mathematical physics, and a PhD in applied mathematics. He lives in Australia with his wife and children.
