*If you've ever felt different, if you've ever been low, if you don't quite fit in,  
there's a name you should know... Meet Dr. Temple Grandin—one of the world's quirkiest science heroes!*

"The author speaks directly and inclusively...this is an effective, age-appropriate introduction to a remarkable person." -*Kirkus Reviews*

"Fans of Andrea Beaty's *Rosie Revere, Engineer* (2013), or anyone who has struggled over feeling different, will appreciate this approachable biography of an inspiring scientist." -*Booklist*

Ages 5 to 10, Grades K to 5

Juvenile Nonfiction / Biography & Autobiography

Series: Amazing Scientists

When young Temple was diagnosed with autism, no one expected her to talk, let alone become one of the most powerful voices in modern science. Yet, the determined visual thinker did just that. Her unique mind allowed her to connect with animals in a special way, helping her invent groundbreaking improvements for farms around the globe!

*The Girl Who Thought in Pictures: The Story of Dr. Temple Grandin* is the first book in a brand new educational series about the inspirational lives of amazing scientists. In addition to the illustrated rhyming tale, you'll find a complete biography, fun facts, a colorful timeline of events, and even a note from Temple herself!
